

33 - This month's challenge is to create a mini-album with at least 10 pages in it. Nice and simple, right? It can be any shape, any theme, any material, any size!! Maybe you're going on vacation this month and want to make a travel album to take with you, or maybe you're all done traveling for the summer and want to recap everything. Maybe you didn't "go" anywhere, but did lots of fun "stay-cation" types activities, or maybe you've got another story to tell. Make yourself something special to hold all those memories you're carrying around in your head and in your heart!
